The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 1 is rejected under 35 U.S.C. 102(a) as being anticipated by Kasagi (U.S. Patent 6,679,370).

Kasagi shows in Figure 4 a first rail 38a and a second rail 38b, first and second sets of wheels in the rails, a third set of wheels 27a and 27b and the third set of wheels has a flat outer surface and parallel raised portions (the shown flange) and a flat recessed portion in guiding communication with a vehicle P.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cited are various types of guidance for carry platforms.
